Fraud Detection System

“Việc trong không ổn hỏi Trương Chiêu,
việc ngoài không ổn hỏi Chu Du”
- Tôn Sách

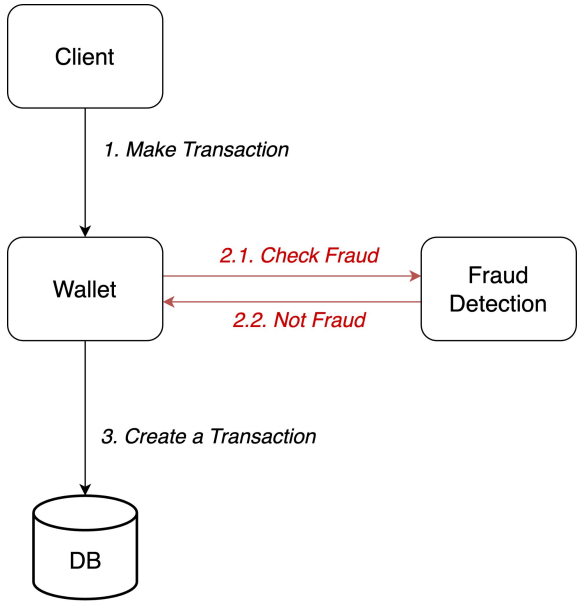

1. Fraud Detection

Context:

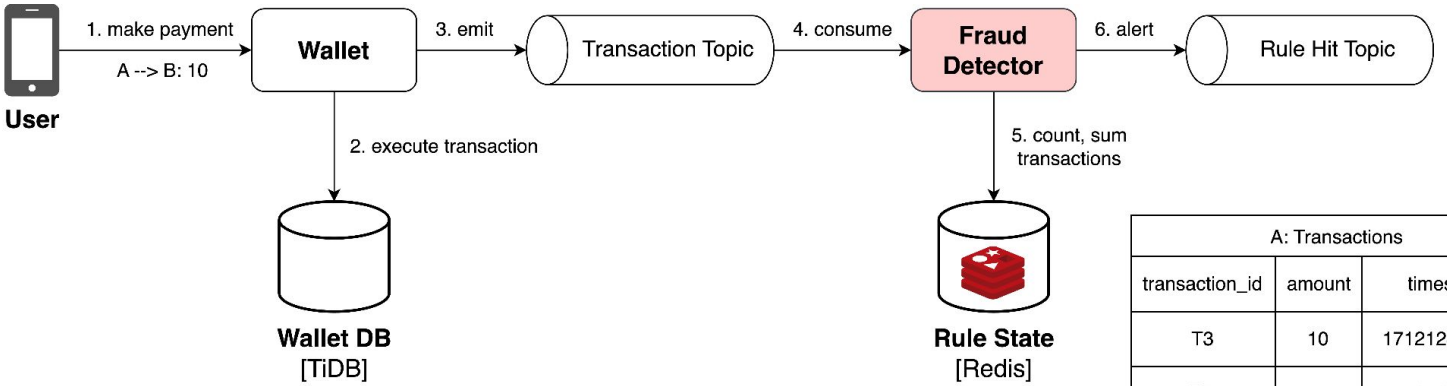

- Image Binance wallet, there are **a lot of transactions** per minute**.**
- There are also a lot of frauds

Requirements:

- Rule: an account makes 100 transactions in 5 minutes → alert a rule hit
- **Quick detection** → minimize the impact

2. Fraud Detection System Design
